### About This Resource Guide

This guide was created by members of the Columbus CARE Coalition in response to the need for a trauma specific resource guide for the community and to create a more trauma informed community.

.....

### About the Columbus CARE Coalition

The Columbus CARE Coalition includes members of the community who believe that when trauma happens to one, it happens to all of us. We seek to support, educate and engage mental health providers, community organizations, city government, and community activists. Together, we are working to increase sensitivity, raise awareness and build resilience in neighborhoods and families.

The Columbus CARE Coalition is a collaborative community effort led by Columbus Public Health. Questions? Contact Marian Stuckey at 614-645-6248.
